1966**

**Milk chocolate
of superior

**Great choice
for the whole

The new sweet delicacy was named Alionka® in honor of millions little girls, who love milk chocolate so much. Nowadays, after the half of the century, its recipe remains unchanged. The image of the little hero on the package also stays the same. Its unique design has become so popular and iconic that Alionka® sales volume continues growing on domestic and export markets. Alionka® unites generations, the brand is beloved by children and their parents.
